What session did you like best and why?

I'm not sure I really liked them all.

What did you think of the Instructors and why?

I thought the instructor was very honest and straight forward because instead of trying to instill fear in us he just gave out information from what he's seen from his experience.

Did this Program help you see things in a different way? Explain:

Yes because listening to someone else's experiences in life made me realize how valuable our lives are and how they're worth living.
