What session did you like best and why?

The prison life

- He talked about gangs and it really caught my attention because I love learning about it.

What did you think of the Instructors and why?

They are really chill and laid back

- I like how they don't beat around the bush and sugar coat things. He talked to us in a way that we are comfortable with and caught my attention.

Did this Program help you see things in a different way? Explain:

Yes it did. It just showed me that things could be a lot worse and it's not the end of the world. People make mistakes but it all depends on how you handle them after.

What would you like to see different in this Program?

Nothing. Keep it the way it is. Actually a female should come in to talk and some gang members and killers and drug dealers should come. But other than that, it's great.
